Reduction in the Price of Gas!

Notice to Gas Consumers and Others.

Your attention is called to the marked reduction in the price of gas, which took effect on the 1st day of March. The Company is now furnishing gas to all consumers at \$1.80 per 1,000 cubic feet. This price is certainly within the reach of all, for both lighting and cooking purposes. The convenience and comfort of cooking by gas, especially during the summer months, where a fire is not otherwise required, can only be thoroughly appreciated by those who have had experience in its useful application for that purpose. The Company has sold for use in this city during the last four years a large number of gas stoves, and is satisfied from the many testimonials from the patrons, that these stoves "fill a long felt want."
